

Kalyani Group

Kalyani Group, established in mid 1960s, is an Indian multi-national with high technology, engineering & manufacturing capability across critical sectors such as Engineering Steel, Automotive, Industrial, Renewable Energy, Urban Infrastructure and Specialty Chemicals, with end-to-end capability and manufacturing footprint across India, Germany, Sweden, France, and North America.

Guided by visionary leadership of Mr. Baba N. Kalyani, Group Chairman, with strong emphasis on market leadership through technology and it's over 10,000 strong engineering global workforce, the group today is a market leader in all its respective business segments.

The Kalyani Group strives to be a world class organization and a leader in every aspect of its business. Innovation has been the driving force behind the Group and is applied across every aspect of the business. The Spirit of Innovation fuels the Group to aggressively grow businesses by accessing global markets, to deliver products and services of uncompromising quality and integrity, consistent with the Kalyani brand and image.

The Group takes pride in being at the forefront of strengthening the National Manufacturing Capabilities and establishing "Make in India" as a global high tech brand.

Bharat Forge Limited (BFL), the flagship company of the Kalyani Group, is a technology driven global leader in metal forming, having a transcontinental presence across nine manufacturing locations, serving several sectors including automotive, power, oil and gas, construction & mining, locomotive, marine and aerospace. BFL today has the largest repository of metallurgical knowledge in the region and offers full service supply capability to its geographically dispersed marquee customers from concept to product design, engineering, manufacturing, testing and validation. The world's largest forging company, Bharat Forge manufactures a wide range of high performance, critical & safety components for the automotive & non-automotive sectors. (www.bharatforge.com)

Kalyani Group has a strong presence in the steel sector that provides backward linkages to its core forging business.

Kalyani Steels, established in 1973, is a leading manufacturer of forging and engineering quality carbon and alloy steels using the Blast Furnace route. (www.kalyanisteels.com)

Kalyani Carpenter Special Steels, established in 1999, as a joint venture with Carpenter Technology Inc., US produces specialty and high alloy steel. Together, the group is the largest engineering steel producer in India with marquee customers across the world. (www.kalyanicarpenter.com)

Kalyani Group has also joined hands with Maharashtra Industrial Development Corporation (MIDC) to develop a project called Khed City.

Khed City is India's Smart Emerging Industrial City. Situated in Khed Taluka of Pune, Khed City combines concepts of Industry Integration, Smart Cities and Sustainable Development. Spread across 4,200 Acres of land with best-in-class infrastructure, Khed City is designed to catalyze industrial success. The vast expanse of planned city infrastructure forms a smart support system for industrial units and also makes provision for Integrated Development. (www.khedcity.com)

As a responsible corporate citizen, we believe that we should reciprocate and give back to the society that has given us so much. Kalyani group is therefore, morally committed and has taken several initiatives in areas such as Education, Environment, Infrastructure and Community.

- Mr. Kalyani is the Founder Chairman of Pratham Pune Education Foundation, an NGO that is engaged in providing primary education to children belonging to under privileged sections of the local community. Since its inception in 2000, Pratham Pune has made a difference in the lives of over 150,000 children in Pune society.
- The Group is steering a unique initiative to empower rural youth at a Taluka in Pune district by providing free technical and vocational training at a government Industrial Training Institute [ITI] that is being run as a Public-Private partnership. The pioneering model is being replicated in other parts of the country.
- The Group also supports various other NGOs and charitable institutes engaged in education and in uplifting quality of lives of the disadvantaged and needy.
