Jalyuktashivar Kalewadi - Before and After

ABOUT CSR REPORT

CSR is Corporate Social Responsibility. The Ministry of Corporate Affairs enforced the CSR Act from 1st April, 2014. Companies with a net worth of INR 500 crore or more, or a turnover of INR1000 crore or more, or a net profit of INR 5 crore or more in a given fiscal year are required to contribute 2% of their average net profit over the past 3 fiscal years (towards CSR). Dispersing a percentage of the accruing benefits to the millions of people who are in need of food, healthcare, education & growth is a part of CSR. However, we need to go beyond our current boundaries & reach out to the underprivileged, unreached masses of the country at large.

We feel the essence of this Act is not only to include the corporates in developing the country, but also to change the mindset of people by showing to them that they owe to the society they live in.

Bharat Forge is one of those companies who have spent more than what was required in CSR Projects in year 2015-16 according to www.livemint.com

Bharat Forge ranks 6th in the list of companies who have spent more than the prescribed amount on CSR.

It is in the DNA of Bharat Forge to give back to the society. We feel that a business cannot survive in an unhealthy society. A healthy society is conducive to good business. So Bharat Forge takes steps for uplifting the weaker sections of the society. The involvement is not only from the management, but also from the employees' side, which we can see through the Departmental CSR Initiative.

Even before the CSR Act was mandated by the Government, Bharat Forge Ltd. had a history of involvement in projects to uplift the society right from the 1978s. So once the CSR Act was mandated, Bharat Forge just had to reshape and scale up the CSR projects. We also have aligned our CSR projects with the National and State Vision.

PHILOSOPHY:

At Bharat Forge, Corporate Social Responsibility (CSR) has evolved over decades with a simple objective of 'Giving back to the society'. We believe CSR is a close integration of the community's economic, environmental and social aspirations with the Company's business goals and objectives. We are, therefore, committed to integrate CSR with our business processes for sustainable growth and development.

We would like to emphasize our initiatives in specific areas of social development that would include primary, secondary and tertiary education, skill development, vocational training, health & hygiene, sustainability, environment and ecological protection, character building by opportunities in Sports and Cultural activities

We believe our initiatives in these areas would continue to contribute significantly to the overall welfare of the community and make a difference in living standards of the community.

VISION:

At Bharat Forge, we believe in giving back to the society in some measure of what we have gained from it. We are therefore committed to address issues relating to child welfare, women empowerment and safety and security of senior citizens etc. through our various initiatives which will lead to protection of environment, health & hygiene and skill education on sustainable basis for society as a whole.

OBJECTIVE:

Bharat Forge is proud of being a socially responsible corporate. We would like to further scale-up our CSR activities through the initiatives aimed at improving the deprived and marginalized sections of the society including economically deprived children, women and senior citizens. We propose to empower them to effectively participate in unfolding social and economic opportunities so that they can be an integral part of the mainstream of growth and development. We would strive to achieve total inclusiveness by encouraging people from all sections of the community irrespective of caste, creed or religion to benefit from our CSR initiatives which would also be focused around communities that reside in the proximity of our company's various manufacturing locations in the country.

COMMUNITY DEVELOPMENT & WOMEN EMPOWERMENT

3. A COMMUNITY DEVELOPMENT CENTERS

COMMUNITY DEVELOPMENT & WOMEN EMPOWERMENT

BACKGROUND: Bharat Forge Ltd. Started two Community Centers in the year 1978, roughly 17 years after its incorporation. The Community Centers started their Income Generating Activities at Hadapsar & Mundhwa in 1981. In 1991, a third Community Center was started for the development of Women & Children.

The main aim of establishing Community Centers was to generate employment for deprived communities. Cutting & stitching of BFL uniforms, gloves, etc. was the prime role of these women, through which BFL helped them generate income.

FOCUS: Women, Children & Senior Citizens

PROJECTS

• Self Help Groups (SHGs) • Health Clubs • Recreational Activities • Skill Development Trainings

Community Center aims to empower women by increasing their literacy, improving health status, helping them become independent, skilling them in activities like stitching, knitting, cooking, etc. We basically provide them with the tools & resources to improve their quality of life so they can successfully take critical decisions & steer themselves & their families towards a bright future. Focus is on the growth of local community women. Under Women Empowerment project, Bharat Forge undertakes various awareness sessions on literacy, income generation, women rights, Government schemes, etc.

- ◆ BFL CSR Team undertook family visits to analyze whether improvement is seen in the standard of living of members.
- ◆ Briefing of Jana-Dhan-Yojana & Bima-Suraksha-Yojana & Importance of Team Work by Chandrasen Jagtap
- ◆ Loan System

3. B SELF HELP GROUPS (SHGS)

EMPLOYEE VOLUNTEERISM

CSR Employee Initiative:

We have interpreted the decision of Government mandating corporates to spend 2% of net profit in social activities as means of changing the mindset of employees. At Bharat Forge, there has been a shift in paradigm since more and more employees are participating in the Departmental CSR Initiatives. The employees want to be socially responsible & want to give back to the society to make a positive impact on the society of which they are part of.

Concluding Remarks

Introduction of section 135 in the Company's Act 2013 has given different dimension and scale to the CSR activities of Bharat Forge. The existing programmes were revamped and were scaled up. The community centres were transferred into 'Self Help Groups' of women. Many awareness programmes and Trainings were conducted to empower the women. We have also tried to tune up with national agenda by giving active participation in Sanitation of school [SOS] project, swaccha Bharat Abhiyan and jalayukta Shivar Abhiyan of Maharashtra Govt. We would like to take up wholistic and inclusive approach. We would like to include our employees, our stakeholders of the business, local governance & NGOs with us.

Our employees are our assets and their active participation in our CSR activities is our biggest strength. Every department has taken up unique projects and have continued to look after the matters of C.O.N.C.E.R.N.

I sincerely thank all who have participated in CSR activities and have contributed to this souvenir.

The spirit of giving it back to the society is important and we are striving hard that the members of Bharat Forge family develop this attitude. We pray and seek support and cooperation of all to continue our journey towards Sustainability and the wellbeing of the society in which we exist.
