Project - VILLAGE DEVELOPMENT

- Water Harvesting work needs to be completed before monsoon . This helps to make water available throughout the year.
- Last 2 months Bharat Forge under its Village Development Project has given importance to water harvesting works like—building of bandharas (small dams), desilting & repairing of mati nala bandharas in the villages .
- After monsoon we can see the overall change in these villages due to availability of water storage facility

Taluka: Koregaon District: Satara

At village Hivare, Taluka Koregaon "Repairing work of cement bandhara wall"

Hivare is the poor & drought prone village in Dist. Satara.. There was no water storage provision as the existing water reservoir was in very bad condition.

- Bharat Forge has done repairing work of this bandhara (small dam) to restore water.
- With this work 51 TCM of water will get restored.
- 3200 villagers will be benefitted directly with this project..

repairing work of bandhara at Hivare

Taluka: Koregaon District: Satara

At village Nigadi, Taluka Koregaon *" Constructed cement nala bandhara "*

- There was no water storage available in village Nigadi.
- Bharat Forge has constructed bandhara (small dam) for this village.
- This will make water available throughout the year.
- 1200 villagers will directly get benefitted with this project.

Cement nala bandhara constructed at village Nigadi.

At village Rui, Taluka Koregaon *" Construction of cement nala bandhara "*

- We will be constructing bandhara (small dam) for this village, to restore water.
- This project will benefit to 2800 villagers

Taluka: Ambegaon District: Pune

At village Amondi, Taluka Ambegaon *'Desilting of bandhara'*

- Desilting of bandhara (small dam) work at village Amondi is in progress.
- This will restore water and will benefit to 3600 villagers.

Taluka: Purandar District: Pune

At village Waghapur, Taluka Purandar *" Desilting of mati nala bandhara"*

- Last year due to heavy the existing mati bandhara got washed away completely & there was no source to restore water.
- Bharat Forge is doing desilting of mati nala bandhara work at this village to restore the water.
- 1800 villagers will directly get benefitted with this project.

Desilting of mati bandhara at village Nigadi.

At village Ambale, Taluka Purandar *" Desilting of mati bandhara"*

- Desilting of mati nala bandhara at village Ambale is in progress .
- This work will restore water required for drinking and agricultural.
- 2200 villagers will directly get benefitted with this project.

Desilting of mati bandhara at village Ambale

Taluka: Purandar District: Pune

At village Hivare, Taluka Purandar " Desilting of mati bandhara"

- The storage capacity of water has decreased in this village since no desilting work was done in this village
- BFL is doing desilting of mati nala bandhara at village Hivare to make sufficient water available for drinking and agricultural.
- 1800 villagers will directly get benefitted with this project.

Taluka: Bhoom District: Osmanabad

At village Belgaon-Pimplegaon *" Desilting of mati bandhara"*

- Bharat Forge under its Village Development Project will be now working with the drought hit villages of Osmanabad District.
- Considering the need analysis we found currently that there is no water storage provision and the existing water reservoir is in very bad condition.
- We will be doing following work before rainy season.

⇒ Desilting of Mati bandhara at Belgaon- Pimplegaon village of Measurement : 65 meter length* 50 meter width*1.5 meter depth.

⇒ This work will help to recharge 29 wells & 19 bore wells

Taluka: Patan District: Satara

At village Salave, Taluka Patan *'Construction of school building'*

- This village is existing in remote area of taluka Patan . There was no school building in this village.
- Old grampanchayat office / temple were used as school..
- Bharat Forge decided to help this village with new school building . Initially we will be constructing 3 classrooms for this school of measurement : 6.5 Mtrs length * 5.5 Mtrs width
- This will benefit to 180 students

Construction of school building at village Salave

At village Sonori, Taluka Purandar *'Construction of school building'*

- The existing school building at Sonori village was in very bad condition
- BFL is constructing 2 classrooms. off measurement : 7.0 Mtrs length * 5..5 Mtrs width
- This will benefit to 120 students

TELEMEDICINE PROJECT - *Transferring Technology to Villages ...*

At villages: Chikhali , Phadalewadi –Ugalewadi, Dhamner, Kanherkhed, Jaypur

Project: PRATHAM PUNE

- Bharat Forge in collaboration with Pratham Pune had organized **Summer Camps in 21 communities** and reached around 900 underprivileged children.
- The **objective of the Summer camp** is to make children learn various innovative, creative & educational activities and also to utilize their vacation time in fruitful way.
- Different activities were taught during these days which includes collage work, glass painting, flower pot, bangle peacock, money bank, craft making, bangle wall hanging, tower making etc..
- The Summer camp ended with **the exhibition** displaying the things prepared by students. Parents & representatives from Bharat Forge visited this exhibition and encouraged the students.
