

# EXECUTIVE SUMMARY

Kalyani Urology Centre of Excellence at Ruby Hall Clinic

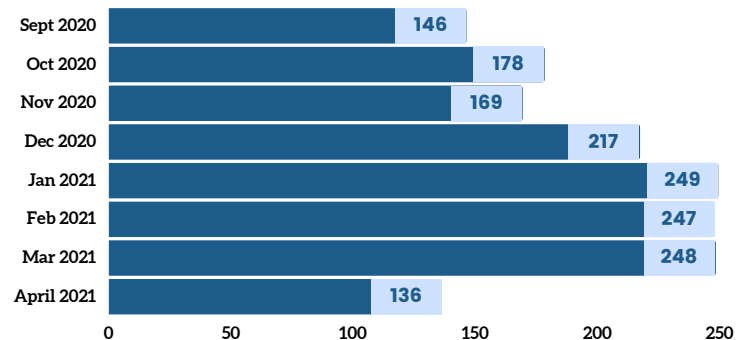

## AT A GLANCE

- The Kalyani Urology Centre of Excellence acts as a 'Centre of Excellence' in urologic care
- The centre is projected to increase subsidised treatments for urologic procedures post the COVID-19 lockdown
- Doctors are pleased with procedural results of the Modulith SLX f2 Connect
- Year on year, the hospital spends an average of 20 crore offering concessional treatment to patients in need

## ABOUT THE CENTRE

The MoU between Grant Medical Foundation and Bharat Forge has resulted in the investment of the 'Modulith SLX F-2 Connect' by Karl Storz – a first-of-its-kind installation in India with an integrated work station.

This report assesses the growth, progress and development of the Kalyani Urology Centre of Excellence while evaluating the utilisation of funds as per MoU expectations.

Number of patients treated at the Kalyani Urology Centre of Excellence between September 2020 to April 2021
