# VARROC INTEGRAL PU SKIN SEAT INNOVATION

A 2-Wheeler seat assembly ordinarily consists of 3 individual components - A seat Cushion, a Bottom Plate, and a Seat Cover. To simplify the assembly, Varroc has designed a PU Skin Seat that combines the components of a seat cushion and seat cover. This not only creates a tough, durable exterior but also eliminates the additional time and effort needed for cover stitching, greatly enhancing seat aesthetics.

## Features

---

- Integral PU spray skin, elimination of Rexene
- Premium designer seat with a soft feel
- Multicolor, multi-texture design
- Optimum durability
- Stays Flexible with No Embrittlement
- Excellent UV protection - No fading and cracking

**Innovative, No-Stitch Design**

**Durable & Tough**

**Enhanced Aesthetics**

## Typical Application Conditions

---

- ✓ 2-Wheeler Seat assembly
