Features

Varroc Intelligent Cockpit Solution is a cutting-edge solution designed to enhance every aspect of the driving experience with its rich array of features.

- It's Smart Infotainment System offers high-quality displays in a variety of sizes, including **7", 9", and 12"**, to suit different vehicle needs. The **Full HD IPS screens** deliver stunningly sharp visuals, while Dolby **DTS Hi-Fi audio**, a **48-segment EQ**, and customizable sound settings ensure an exceptional audio experience tailored to your preferences.
- It supports seamless smartphone integration with **Apple CarPlay, Android Auto**, and Bluetooth, ensuring hands-free control of calls, messages, and music.
- With built-in Wi-Fi, in-built GPS, and support for 4G, 3G, and 2G networks (**e-SIM & Plastic SIM-optional**), you'll stay connected no matter where the road takes you.
- Integrated safety features like the **Driver Monitoring System** and **Surround View System** provide added security, while apps like **Spotify, YouTube, and Chrome** offer endless entertainment.
- The system also supports **FM/AM radio**, temperature sensor input, and HVAC control, with robust storage (64GB) and multiple speaker outputs for an all-in-one entertainment, connectivity, and safety solution for modern drivers.

Specifications

Processor	Main Process – Qualcomm6125 Octo Core(GPU : Qualcomm® Adreno™ 610 CPU : Qualcomm® Kryo™ 260) MCU – ST Micro Arm Cortex M0
OS	Android 13
RAM / Memory	4GB / 64GB
GSM / GPRS	Support 4G, 3G & 2G (eSIM & Plastic SIM- optional)
Sound effects / volume control	Support DTS Hifi, 48-segment EQ
Car play & Android Auto supportability	Support CAR Play & Android Auto
HVAC Control	Support (Via CAN)
Vehicle Configuration	Support (Via CAN)
Speaker outputs	Support 5.1
GPS	Yes, In-built - support for GPS, GLONASS, BDS, Galileo, and QZSS
Peripherals	USB – 2 nos. + 1 (optional) Mic
BLE	Yes
Wi-fi	Support
Surround view System	Support 360° view cameras systems – 4 nos.
Driver Monitoring System	Supports
Steering wheel control	Supports
AC configuration and control	Supports (Via CAN)
Temperature Sensor Input display	Supports (Via CAN)
Music Custom Equaliser	Supports
Display Theme Colour	Supports
Chrome App	Supports
TV application	Supports
YouTube	Supports
Google maps & Telematics	Supports
Dash Cam Recorder	Yes
