THE AESTHETIC ENGINE COVER FROM VARROC

Varroc Engine Cover is one of the best examples of our metal-to-plastic conversion offering. It is designed to significantly elevate the under-hood aesthetics of a vehicle. Made from high-grade, anti-corrosive plastic, the cover effectively prevents dust, sand, water, and other aggressors from entering the engine.

Features

- Metal-to-plastic conversion
- Anti-corrosive material
- Heat resistant
- Waterproof
- Lightweight

Aesthetic Design

Customisable Logo Space

High-grade, Durable Build

Technical Specifications
