

**POLYMER BUSINESS**

# A LIGHTER FACELIFT FOR **THE FRONT**

**PERFORM@CHANGE**

# THE LIGHT & DURABLE VARROC FRONT PANEL

Varroc is working extensively on lightweighting by replacing large sheet metal parts with polymer and by introducing lightweight micro-cellular polymers and composites in trims. Our 2-meter long Front Panel is the largest part in our portfolio, injected in a single mould. Reducing the weight of the component by 30-35%.

## Features

---

- Lightweighting by 30-35%
- Metal-to-plastic conversion
- Reduced cycle time

**Cost-effective**

**Lightweight & Durable**

**Improves Vehicle Efficiency**

## Technical Specifications

---

- ✓ Lightweighting by 30-35%
- ✓ Part passed all trials on torture track testing
- ✓ Vibration platform testing
