ILLUMINATING THE CURVES FOR **A SAFER RIDE**

PERFORM@CHANGE

THE MULTIFUNCTION PROJECTOR HEADLAMP FROM VARROC

This headlamp is based on direct projector concept having multiple lens curvatures combined in a single lens. The simple construction of the lamp provides Low Beam, High Beam and Booster Functions. The additional bending and cornering lenses provide better illumination and removes dark spots on curvy roads. Making it a stylish protection for vehicles.

Highly Aesthetic

Compact & Robust Design

**Improved Lighting
Functions for Safety**

Features

Lighting Functions – Low Beam, High Beam, Booster, Turning and Bending Light

Additional Lighting Functions such as bending & turning lights provide better illumination on curvy roads.

Certified for ECE 113 Class D with ALU feature

Freeform direct projector units for different functions, combined as a single lens unit

Design Registration Filed

Typical Application Conditions

- ✓ Normal Operating Voltage: 13.5V DC (3 0.5V)
- ✓ Wide Operating Voltage Range: 9V to 16V
- ✓ Operating Temperature Range: -20°C ~ 55°C
- ✓ Storage Temperature Range: -30°C ~ 80°C
