VARROC PUMP GEAR FOR SMOOTH ENGINE PERFORMANCE

Varroc Pump Gear helps transmit power by lubricating the engine pump. Made through quenched and tempered steel, it is efficiently tough, durable and precise.

Features

Medium / Low carbon alloy steel

Greater tooth strength and a higher load-carrying capacity

Teeth profile that promotes noise reduction

High precision gear with twist-free tooth flanks

Low / No Wear & Tear

High Fuel Efficiency

Increases Engine Lifespan

Smooth Performance

Better Mileage

Potential applications:

- ✓ For automotive & industrial application
- ✓ Engine radiator pumps
